Hospital Quarterly: Performance of NSW public hospitals, July to September 2013 (Volume 4, Issue 3). Elective Surgery

In October 2014 errors were identified in the *Hospital Quarterly: July to September 2013* Elective Surgery module (peer group) Excel spreadsheet.

In the peer group spreadsheet:

- in *Appendix table 2a* a layout error in the C1 peer group section resulted in Hawkesbury District Health Service's label being incorrectly positioned and total peer group results being omitted
- in *Appendix table 2c* a layout error in the A1 peer group resulted in some hospital labels being incorrectly positioned and the omission of the 'Total A1 peer group' label.

Following advice received on 3 September 2014, and to adhere to best practice, BHI has also updated the nomenclature for the Hawkesbury District Health Service in:

- *Appendix tables 2a and 2b* of the peer group spreadsheet
- *Appendix tables 1a, 1b, and 1c* of the local health district spreadsheet.

In addition to updating Hawkesbury District Health Service's nomenclature, the corrections below were made, and the spreadsheets (first published on 11 December 2013) were reissued on 14 October 2014.
