category	Seriil-urgent	0	000		

<sup>\*\*</sup> These data are not reported due to a policy change in the definition of patient stay types that was phased-in between 1 July 2016 and 30 June 2017. Fair comparisons cannot be made with results during this period as a new mental health care stay type was introduced that comprises patients who were previously included in the acute and non-acute stay types.
